

Outside the East Entrance of Yellowstone Park lies...

SHOSHONE LODGE
GUEST RANCH

THE LODGE

Relax and enjoy the ambiance of our historic lodge. Built in the early 1920's using native logs, the lodge is a beautiful display of craftsmanship and history. It features our full service dining room, office and lounge. This is our main gathering place for our road weary travelers to take the time to sit and enjoy the warmth of the fire in the historic hearth built from stones collected by the original family members. Or on a warm summers evening they might to choose to sit in one of the rockers on the front porch and listen the brook trickling through courtyard while watching for local wildlife that may wander through.
